Normandy Farms

By Florence O'Leary
Brockton, Mass.

My favorite campground is **NORMANDY FARMS CAMPGROUND** in Foxboro, Mass.

We have been going to Normandy Farms for the three major holiday weekends and other short periods every year since 1978. No matter what other campground we've gone to, we always compare it to Normandy Farms.

Not only do they have an outdoor pool (this year two more will be added), but they also have an indoor pool and whirlpool. This is especially great in bad weather.

The campground is run by the Daniels family. They are always somewhere around to speak to, and are most friendly and congenial hosts. There is a full-time recreational director who gives you plenty of activities to choose from, no matter what your age and interests.

From the beautiful entrance to all the recreational areas and sites, the whole campground is immaculate and well kept up. They have the cleanest and most spotless restrooms and showers that we've ever used.

Needless to say, we are very partial to this campground and have recommended it to our camping friends and others we have met in our travels.
